

Who We Are & What We're About:

The PROG Foundation is dedicated to supporting and improving lives through partnerships, employee volunteerism, and giving. We aim to continually uplift those in need of help wherever, whenever, and however we can to clear a path toward socio-economic mobility within our communities.

Our Mission:

To develop the people and resources necessary to level the playing field.

Who We Serve & Why It Matters:

In a world marked by rapid technological advancements and evolving global dynamics, the PROG Foundation is addressing the pressing issue of socio-economic inequality. The growing disparities in wealth, opportunities, and access to basic necessities have led to a skewed playing field that hampers the potential of individuals and communities. Through our initiatives, we are fostering an environment where every individual can thrive regardless of their background.

Our Initiatives:

Charitable Giving

We are committed to fostering a meaningful partnership with corporate volunteers who share our passion for equitable development. By joining forces with us, your company becomes an integral part of the movement to address socio-economic disparities, promote inclusivity, and uplift marginalized populations. Our commitment extends to creating a transformative volunteering experience that not only benefits the communities we serve but also enriches the lives of your employees.

2022

1354 Prog People Hours

\$901,864 Dollars Donated

Development Center

Programming is conducted through the PROG Development Center, which brings together technology, education, community, and government partnerships providing youth in the greater West City Valley, Utah the ability to enhance socio-economic opportunity.
